Pool Care

guarding more than your pool

Product Categories

BioGuard® products are divided into five simple categories and clearly display what you need for your pool.

maintain™

Products used to maintain a high quality swimming environment. These include sanitizers, balancers and shocks.

improve™

Products for enhancing swimming pool water or making pool care easier. These include clarifiers, filter aids and Stow Away.

remedy™

Products that solve specific pool situations including curative algaecides, scale and metal products, flocculants, Anti-Foam and Chem Out.

inhibit™

Products for the prevention of specific pool situations such as preventative algaecides.

MINERAL SPRINGS® PROGRAM

The perfect combination of nature and technology.

Elevate your pool experience to a higher level. Glide through smooth, clear, sparkling water. It's like bathing in mineral water touched only by nature. Your pool has never looked or felt so wonderful.

Such is the reality of the Mineral Springs™ System. A simple, minutes-a-week pool care system to multiply your enjoyment and sense of well-being. The Mineral Springs System uses easy-to-apply minerals and a chlorine generator to create a soothing spa environment. It's a natural convenient way to generate sanitizer for your pool water, resulting in fantastically silky, dazzling water.

BioLab® UV-LC10

Special \$999.95

Reg. \$1600.00

BioLab® UV is a revolutionary product that utilizes ultraviolet (UV) light technology to take swimming pool sanitation to the next level.

- Contains a single UV lamp and is recommended for all chlorine based programs
- Provides sanitation against bacteria, viruses, cysts and protozoa
- Is a non-irritant for the skin, hair and mucus membranes
- Reduces chloramines which cause chlorine smell, eye irritation and skin discomfort
- New way to help address pool contaminants
- Frees chlorine to attack bacteria

Spring Sale Hours

Friday & Saturday March 19 & 20 9 am - 5 pm

Sunday March 21 11 am - 3 pm

EcoKlean™

A New Product to
Maintain a Clearer Pool!

Made from 100% biodegradable cellulose fiber, EcoKlean™ is an earth friendly and effective alternative to DE for delivering a diamond like sparkle to your pool. After the first use, filtration run cycles increase by up to 70% when compared to those of DE. Since 3 lbs of EcoKlean is equivalent to 25 lbs of DE, it creates a smaller, more earth friendly footprint.

- *100% biodegradable cellulose fiber
- * Earth friendly and effective alternative to DE
- *Filtration run cycles increase by up to 70%
- *3 lbs of EcoKlean is equivalent to 25 lbs of DE
